Highlights

For a spacious sound experienc

Openings in the earshells and the fabric covering maximize airflow to provide natural sound transparency and optimize the acoustic performance.

In-line mic and pick up botton

In-line mic and pick up botton for easy conversation

Designed for comfort

The design is based on ear geometry for comfortable wear and snug fit for everyone.

Ergonomic design

This ergonomic design will fit perfectly into your ear canal

Neodymium speaker drivers

Neodyńium is the best material for producing a strong magnetic field for greater sensitivity in a voice coil, better bass response and a pure balanced sound quality.
