Highlights

Unique flat design

This antenna will easily fit in with your home décor.

Adjustable gain control

Allows you to easily improve reception range

Noise reduction filter

Noise reduction filter to protect against signal loss

GSM filter

This antenna has been specifically designed to prevent any possible interference from mobile phone networks

38 dB amplification

Up to 38 dB amplification boosts weak signals, expanding your reception range and allowing you to receive more signals over a greater distance.

PVC/BFR free

This product does not contain PVC and BFR materials, which helps protect the environment.
